

AMOK! Seminars

The World's Leading Edged Weapons Training Company

Taught by Tom Sotis

SATURDAY – EDGED WEAPONS COMBAT

This is the ideal intro course because it exposes you to the seven tactical realms through an ultra-functional methodology that delivers fighting tactics in a way that most rapidly develops effective solutions against determined adversaries. *If you have taken this course before, this time through we'll cover your tool sets with more depth.*

SUNDAY – EMPTY HANDS KNIFE DEFENSE

This course presents how to salvage being ambushed, how to counter single and combination attacks, how to counter quick jabbing strikes and how to counter transitional attacks. Once the chaos has been brought under your management, we cover control, striking, setting up disarms, takedowns, finishes, and other empty hands solutions. *If you have taken this course before, this time through we'll cover your tool sets and disarms with more depth.*

These courses are taught in real time against full-on attacks. For that reason, we recommended you bring eye protection, forearm guards (neoprene THIGH wraps are best), and a mouth guard. Hard contact safety trainers are supplied.

Register online before April 10 = €130

www.edgedweaponsolutions.com

Pay cash at the Door (if there is space) = €150

€80 for one day (if there is space)

Venue address: Gäddgårdsgatan 1, 73246 Arboga
